

# GUMMER CASE WILL GO TO JURY IN BARNES DISTRICT COURT YET TODAY; ARGUMENTS NEAR THE END

Accused Hotel Clerk's Attorney Pleads That State's Evidence Shows Gummer Didn't Commit Crime at The Time Stated— Youth May Know His Fate at Hands of Jury Before Night

Valley City, N. D., Feb. 24.—The last day of the William Gummer murder trial opened today with H. W. Swenson, counsel for the defendant, arguing before the jury that the state has failed to prove its case against the accused man.

Gummer, charged with the murder of Marie Wick, of Grygla, Minn., in Fargo on June 7 last, may know his fate by tonight, for it is expected the jury will be charged this afternoon.

Mr. Swenson maintained that from the state's evidence and the theory of the case, that the time of the original assault upon Miss Wick must be limited to between 12:30 and 1 a. m. on June 7, and during that time Swenson contended, Gummer was in the hotel office. Gummer, night clerk of the hotel, accounted for all his actions until 12:10. Soon thereafter Andy Brown, his roommate, came into the hotel and a few minutes after 1 a. m. another guest registered, he said.

Mr. Swenson argued that it was absolutely impossible for the jury to accept the state's theory as to the time of the crime without freeing the defendant.

Says State Fails  
Swenson argued that the defense had shown that there is a James Farrell in life in contradiction to the state's contention that the guest registered in the hotel under that name is a fiction. Swenson spoke for an hour.

Judge Barnett, who followed, asserted that in cases wherein the state relies upon circumstantial evidence for conviction, every fact developed must be "consistent with guilt and inconsistent with innocence" and he cited points in the evidence that, he asserted, were at variance with that rule of law so far as they apply to Gummer.

## ATTITUDE IN FUND CASE IS GIVEN LEAGUER

Attorney General Sets Out Reasons Department Will Sue For Accounting

Suit is expected to be filed soon in the Lemke fund case by Attorney General Sveinbjorn Johnson, in an effort to gain an accounting of the fund and have it applied to paying expenses of the railroad rate cases.

Answering a letter of W. H. Van Woert, a Nonpartisan contributor to the fund, the attorney general set out his attitude in the case as follows:

Answering your letter of February 4, I beg to advise that you and I agree entirely as to the Lemke fund. You say the fund was raised for the purpose of carrying on the litigation in the rate carrying on grain grading case, etc. That is just exactly the point. The fund was raised for that purpose and I want it used for the purpose for which it was raised. It has not been used for this purpose. I have a bill from the lawyer Mr. Lemke employed and whom I continued in both these cases which amounts to about \$3,000 and which I want paid out of this fund. You and I agree entirely on that.

"As to your statement as to rotten politics, I am not able to discuss that with you as you did not give any specific facts. It may be in your judgment rotten politics to enforce the law against those who break it, who have embezzled, who have stolen, and who have misappropriated public money, but I will tell you now so that there may be no misunderstanding on the point, that I expect to enforce the law while I am here against all law-breakers even if they should happen to be members of the party with which you are affiliated. I intend to make it uncomfortable for all violators of the law insofar as it is within my power to do so."

## RUSSIA USES MANY SCYTHES

Moscow, Feb. 24.—Soviet Russia manufactured 1,307,000 scythes and imported 4,300,000 last year. Grain-raising is carried on in such a primitive way by the majority of peasants that the scythe is in general use for harvesting, especially since the shortage of labor-saving machinery began.

### Today's Weather

For twenty-four hours ending at noon February 24.  
Temperature at 7 a. m. .... -21  
Highest yesterday ..... -17  
Lowest yesterday ..... -23  
Lowest last night ..... -24  
Precipitation ..... None  
Highest wind velocity ..... 10-NW

Weather Forecast:  
For Bismarck and vicinity: Fair tonight and probably Saturday; not so cold.  
For North Dakota: Fair tonight and probably Saturday; not so cold.

Weather Conditions  
The northwestern high pressure area has spread eastward over the lake region and the temperature has continued to fall over the northern states. Readings this morning are considerably below zero over Montana, the Dakotas and Minnesota. Snowfall has continued over the Lake region and portions of the Rocky Mountain region but elsewhere the weather has been fair.

—ORRIS W. ROBERTS,  
Meteorologist.

### ART JUDGE

Mrs. Laura Knight will represent England on the jury of the International Art Exhibition to be held at Pittsburgh, Pa. in March. She is the first woman selected to the committee. Her associates will be a Frenchman and two Americans.

## LEAGUERS ASK CONVENTION BE HELD IN CITY

Declare For State Meeting In Bismarck Instead of In Fargo as Planned

### PROTESTS ARE BEING MADE

A strong demand among Nonpartisans in the western part of the state for the holding of the forthcoming state convention of the league in Bismarck instead of Fargo is being voiced by many leaguers.

The exact time of the state convention has not been determined. It is said by some of those advocating the holding of the convention in Bismarck that leaguers of 32 counties have demanded it be held here.

The Farmer-Labor Record, of Bismarck, says this week regarding the matter:

"The personal representative of A. A. Liederbach, P. L. Aarhus, has caused it to become known that the demand on the part of western counties for a state convention to be held at Bismarck is not to be granted. In an interview with Mr. R. H. Walker, minority member of the executive committee, Aarhus is quoted as saying that the agitation for Bismarck convention was simply an effort on the part of western counties to control the convention. Aarhus was given the right to represent the majority members of the executive committee during the absence of Liederbach, and doesn't intend taking any chances on the control of the coming convention slipping through his fingers, which would probably happen, were the meeting place of the convention changed from Fargo to Bismarck."

Neither Aarhus nor Kaldor will admit designs upon the organization they presume to represent, but their intentions cannot very well be misunderstood in view of the fact that Aarhus has seized the Courier-News, with the approval of Kaldor, and is publishing exactly what he pleases and only what he pleases. Numerous cases have been reported where letters and hate letters sent to the Courier-News during the last 60 days have been promptly consigned to the wastebasket. Everything appearing in the paper is apparently censored, and only that which is creditable to the present management is allowed to appear in print.

Meetings Postponed.  
The state executive committee, according to a statement made over the signature of A. A. Liederbach, state chairman, has set Saturday, March 4, as the time for holding the precinct caucuses, because only a few of them were held on February 22, the storm preventing meetings.

The precinct caucuses will select representatives to the county conventions to be held on March 16, which in turn will select delegates to the state convention.

The Courier-News asserts that the meetings held by John N. Hagan over the state have resulted unfavorably for A. C. Townley, and asserts that he has discontinued the meetings. The organ asserts it is Mr. Townley's idea to put up but one candidate for Commissioner of Agriculture and Labor.

Subdivisions  
ASK INTEREST?

Watford City, N. D., Feb. 24.—According to information received here, several school districts of McKenzie county will soon make a demand on the board of county commissioners for payment to them of their respective shares of the penalty and interest paid to the county during several years past on delinquent taxes and which the county has retained. It is expected that townships and villages will also demand their respective shares of accumulated penalty and interest. It is believed the board will order payment on demand.

HANKINSON TO  
OCCUPY SCHOOL

Hankinson, N. D., Feb. 24.—Hankinson's new \$175,000 high school building is expected to be ready for occupancy about March 15, possibly sooner. It will house about 118 high school students and probably members of the seventh and eighth grades. An old building, which has been greatly overcrowded, will house grades up to and probably including the sixth grade. The new building is modern throughout and houses a roomy gymnasium, domestic science and an assembly room with stage. Classes will be called by the electric bell system. The total enrollment is 525. Many from the country are attending high school.

## 4-POWER PACT RESERVATION IN COMMITTEE

New Reservation Laid Before Committee Said to Have O. K. of Harding

### SOME OPPOSITION TO IT

Senators Johnson and Borah

Expected to Stand Out Against Treaty

Washington, Feb. 24.—A modified blanket reservation to the four-power Pacific treaty, said to be satisfactory both to President Harding and to a majority of the members of the senate foreign relations committee, was debated by the committee today and an agreement reached to vote on the treaty itself and all proposed reservations at tomorrow's session.

The new reservation was laid before the committee by Senator Brandegee, Republican, Connecticut, after a conference with President Harding. The Connecticut senator was said not to have represented it as embodying the president's views but the understanding of committee was that it would be acceptable to the executive. The text of the reservation follows:

"The United States understands that under the terms of this treaty there is no commitment to armed force, no alliance, no obligation to join in any defense."

Although apparently acceptable to most of the Republican and Democratic reservationists on the committee the reservation according to today's discussion, will not receive unanimous committee approval. Senator Johnson, California, was said to have shown opposition during the meeting and it was expected that Senator Borah, Idaho, who was absent, would take a similar position.

## BELIEVE BURKE WAS A VICTIM

Many friends of former Governor John Burke here believe the reports which accompanied that of the failure of the New York broke-age firm with which he was connected, that he was the victim of others whom he trusted. Former Governor Burke made a civil instead of a congressional township.

In a civil township the people of the township may elect township officers and make their own township tax levies, while the county commissioners make the levy for the congressional township.

It is proposed, if the commissioners make the change, to hold the first township election on March 21 at the same time the other civil township elections are held in the county.

## SENATE PASSES FARM LOAN BILL

Washington, Feb. 24.—The senate passed the bill introduced by Senator McCumber, Republican, North Dakota, to appropriate \$5,000,000 for loans to United States farmers to buy seed grain and feed for livestock. Of the fund to be secured by chattel mortgages, \$1,000,000 would be available for livestock purposes, which were said to constitute an emergency.

## SALES TAX IS SAID REJECTED

Washington, Feb. 24.—A proposal to finance the soldiers' bonus by a sales tax is understood to have been rejected by the special sub-committee of the Republican members of the house ways and means committee.

## RUGBY ADOPTS DANCE ORDINANCE

Rugby, N. D., Feb. 24.—Rugby has just passed a dance ordinance providing that all public dance halls must be kept clean and sanitary, prohibiting smoking on the dance floor or in hallways or areas leading to the dance floor, prohibiting any persons under 17 from attending public dances unless accompanied by a parent or guardian, prohibiting loitering or loitering in dance halls or opening areas, requiring all public dances to close at 12:30 A. M. of the morning following the evening of dances prohibiting Sunday dances, and empowering any police officer to vacate dance halls in case of any violations of the ordinance. Violations are made punishable by fines of from \$5 to \$25, or imprisonment of not more than 30 days. The provisions of the dance ordinance are made to apply in every detail to skating rinks.

## SAYS CONGRESS TIES U. S. HANDS

Washington, Feb. 24.—Declaring that congress tied the hands of the administration in dealing with the reparations question, President Harding, in a letter to Senator Frelinghuysen, Republican, New Jersey, has suggested that some legislative action be taken to permit the United States to get the quota of German reparations.

Hide of a cow produces about 35 pounds of leather.

## BUSINESS SUSPENDED IN VIRGINIA CITY AS ROMA'S VICTIMS ARE BURIED

Investigation By Army Board Into Cause of Disaster to Dirigible Proceeds, With Definite Conclusions Expected To Go To War Department Soon

Newport News, Va., Feb. 24.—All business in Newport News and Norfolk and other surrounding communities will be suspended today during the public funeral services to be held here for the 34 victims of the disaster which befell the army dirigible Roma. During the brief services to be conducted by army chaplains and several of the local ministers, airplanes from

### ALL DOLLED UP

George Harvey, American ambassador to London, is going to do all in the get-up pictured above when he attends Princess Mary's wedding. Ain't he grand?

## CANADA RAPPED BY GOVERNOR

North Carolina Executive Grows Wrathful Over Case

Raleigh, N. C., Feb. 24.—Governor Morrison of North Carolina in a vigorous message sent to the acting Secretary of State Fletcher declared the state of North Carolina would not under any circumstances produce witnesses to testify before Judge Snyder at Hamilton, Ontario, in the matter of extraditing a negro to North Carolina to face a murder charge.

The North Carolina governor said that if Canada would not honor the extradition in the regular way and if the state department could not convince the Canadian authorities that they should, "then I hope you will not hereafter request North Carolina or any other self-respecting state of the union in any way honor a request from Canada."

## SICKNESS HELD NOT SERIOUS

Time For People To Take Care of Themselves, Physicians Say

There probably will be no very serious results from the present wave of mild influenza or grippe in the city if people take care of themselves, according to physicians. Most cases, it is said, result in the victim being very sick for about three days and then recovering rapidly.

No cases of pneumonia have been officially reported, Dr. C. E. Stackhouse, city health officer said. Many cases have been reported by relatives of pneumonia which have proved not to be so serious, it is said.

There is not an unusual amount of contagious disease in the city at this time, it is added.

## SLOPE COUNTY STOCK IS LOST

Half the cattle in Slope county, southwestern North Dakota, will be lost as a result of lack of feed and the storm of Tuesday and Wednesday in the opinion of States Attorney C. E. Brownlee of that county. Mr. Brownlee called at the Governor's office to discuss relief measures which have been taken to provide hay in the district where cattle have subsisted chiefly on the range.

## COLDEST SNAP FOLLOWS STORM

The coldest weather of the year has followed the storm over the north-west.

The weather bureau reported the mercury sank to 24 below in Bismarck, equalling the record for the winter, and some points reported still colder weather. It was 28 below at Miles City, Mont.

### TO ADVERTISE TOWNS.

Watford City, N. D., Feb. 24.—Towns on the railroad in McKenzie county were represented at a meeting here at the office of W. R. Johnson, county agent at which steps were taken to publish 10,000 or 15,000 copies of a 32 page pamphlet advertising McKenzie county. It will be profusely illustrated with 12 large color cuts of farm scenes in McKenzie county, and every page will carry accurate descriptive matter.

Certain area near the western coast of Cuba grows the costliest tobacco in the world.

## GREAT NORTHERN FLYER CRASHES INTO SNOWPLOW WHILE SPEEDING TOWARD MILL CITY; 5 ARE DEAD

Investigation Under Way To Determine Responsibility For The Accident to Winnipeg Flyer of Great Northern Which Takes Heavy Toll—Steel Mail and Baggage Cars Save Passengers From Death in Crash 30 Miles West of Minneapolis

Minneapolis, Feb. 24.—Railroad officials today planned to start an investigation to place responsibility for collision of a snowplow and train No. 10 of the Great Northern, also known as the Winnipeg Flyer, in which five trainmen met death and a dozen persons were injured late yesterday.

The wreck occurred between Delano and Montrose, Minn., 30 miles west of here.

The flyer was 11 hours late and was speeding toward Minneapolis from Winnipeg when the smash occurred. It carried an extra heavy load, having picked up passengers from two other trains stalled along the way.

## INJUNCTION IS ISSUED ENDING BRISSMAN CASE

Justice Thistlethwaite Resigns Following Decision In District Court

### CASE MAY BE APPEALED

Proceedings in the cases instituted against H. G. Brissman, of Bishop, Brissman and company, were ended in district court today when Judge W. L. Nussle issued a permanent injunction directed against Justice of the Peace R. H. Thistlethwaite.

The injunction forbids further action by the justice in the three cases instituted by Joseph Coghlan, charging Brissman with violating the state law in signing a report of the audit of the Bishop, Brissman and company of the Bank of North Dakota, and two charges of violating the false advertising law by representing himself as a certified public accountant under the laws of the state.

The defense has contended Mr. Brissman is a certified accountant in Minnesota and that his firm has a Fargo office and that the resident manager and member of the firm, J. A. Cull, is a member of the North Dakota state board of accountancy.

Judge Nussle, in issuing the injunction, referred to cases here in the past in which he said a justice may have been imposed upon and persons unjustly dragged into court, and referred to the possibility of "spite" cases being filed if there were no restrictions upon filing matters without approval of the states attorney.

The defendant was represented by O'Hara and Cox while Theodore Kofel appeared for Thistlethwaite with Joseph Coghlan.

It was said that the case would be appealed to the supreme court.

Following disposition of the case, Justice Thistlethwaite went to the county auditor's office and filed his resignation. The Brissman cases were his first and last.

## MOTOR VEHICLE TAXES BRING IN \$3,000,000

St. Paul, Minn., Feb. 24.—Approximately \$3,000,000 has been turned over to Henry Rines, states treasurer, by Mike Holm, secretary of state, from collections of motor vehicle taxes and in aid from the federal government for highway construction in Minnesota to date in 1922.

About two-thirds of the automobile registrations have been completed, Mr. Holm said. "Progress is being made on the remainder, but applications will have to pour in at a more rapid rate from now until March 1, if persons are to avoid the penalty of 25 cents a day that will attach after March 1."

## SEE BUILDING BOOM IN LAKE

Devils Lake, N. D., Feb. 24.—A building boom here in the spring is indicated by a survey of projected improvement operations. They include:

The Farmers Co-operative creamery, to cost about \$50,000; the Farmers Mill and Elevator is to be remodeled at a cost of about \$25,000; the Sons of Norway will build a temple with a modern theater on the first floor, the total cost to be from \$50,000 to \$75,000; two modern garages, to cost about \$35,000; the Colonial hotel will be completed at a cost of several thousand dollars; scores of new residences are projected, and two lumber companies may enlarge their plants.

## STORM DEATHS IN NORTHWEST FIXED AT FIVE

St. Paul, Feb. 24.—The north-west was recovering somewhat today from the effects of the severe storms of Tuesday night and Wednesday which left a toll of 12 known deaths and several hundred thousand dollars' damage to property.

The casualty list includes:

Five persons killed in a train collision near Delano.  
Four men were frozen to death in the Twin Cities.

A woman was frozen near Langford, S. D.

A woman was electrocuted near Rochester, Minn.

A boy was frozen at Dilworth, Minn.

Train No. 10 had two engines pulling it. Two heavy steel mail and baggage cars followed and this fact, trainmen said, undoubtedly kept the death list down. All the serious casualties were suffered by trainmen, the passengers being shaken up and some slightly bruised.

The three engines and mail car plunged down a 10-foot embankment and early today four of the dead were still buried beneath the wreckage.

The dead were:

R. A. McDonald, St. Paul, engineer, flyer.

Hollis McDonald, Willmar, Minn., engineer, snowplow.

Hugh Johnson, St. Paul, engineer, flyer.

McCloud, fireman, flyer.

G. Pelton, Minneapolis, fireman, flyer.

Pelton was rescued from the wreckage but he was so badly scalded he died six hours later.

Relief trains were sent from Minneapolis and Willmar.

## BELIEVE MURDER STORY A HOAX

Officials Show Disbelief in Story Told in Detroit

Los Angeles, Feb. 24.—Growing disbelief in the story of the murder of William Desmond Taylor, film director, here February 1, related in Detroit within the last three days by Harry M. Fields, in custody there, was expressed today by Los Angeles officials.

Fields, arrested on two charges: making made in his original story. One was the reduction of a \$1,000 bill to a \$100 bill in connection with his statement that he was paid \$900 for having driven a Chinese, a white woman and a white man to the Taylor home.

The other was his changing the location where he said the pistol was found. The officers said they found it at neither place he named.

## "BLUEBEARD" TO DIE THIS WEEK

Paris, Feb. 24.—President Millerand has refused to commute the sentence of Henri Landru, the "Bluebeard of Gambais," as petitioned by Landru's counsel, as petitioned by Landru's counsel. The guillotining of Landru for the murder of ten women and a boy is set for this week.

## IOWA TOWNS IN PATH OF FLOOD

Edgewood, Ia., Feb. 24.—The towns of Littleport, Elkport, Garber and Osterbock, along the Turkey river, and northeast of here, were severely damaged by floods Wednesday night and yesterday, according to reports reaching here. So far as is known no lives were lost.

## SHOOTS MAN IN COURT ROOM

Waco, Tex., Feb. 24.—Miss Marcine Matthews, 17 years old, shot and instantly killed J. S. Crossin today during proceedings in the district court here. He was charged with criminally attacking the girl two years ago.

## N. D. BOY MARRIES GIRL PERFORMER

Grafton, N. D., Feb. 24.—V. C. Omile, aviator in the World War, son of Mrs. O. M. Omile of Grafton has just married Phoebe Jane Fairgrave, 18-year-old St. Paul girl, who last July jumped from the plane piloted by Omile in her 15,200 foot parachute drop, which set the women's world altitude record. The ceremony was performed at the home of the bride's parents at St. Paul. After the wedding, Mr. and Mrs. Omile left for Chicago, where they will appear before the International Association of State Fairs in an effort to obtain a booking for a Twin City flying circus in which Mrs. Omile will be featured.

ASKED \$2,500; GIVEN \$1.

Minor N. D. Feb. 24.—Suing for \$2,500 for alleged slander Louis Balders was awarded \$1 in district court.

He alleged the defendant accused him of stealing a window.

From 25 to 25 gallons of 95 per cent alcohol can be obtained from a ton of dry pine wood.

# ARGUMENTS OF LEGION GIVEN TO POST HERE

Adjusted Compensation Measure  
Is Discussed and Features  
of Bill Explained

## 5 OPTIONS ARE OFFERED

Arguments of the American Legion for adjusted compensation to former service men were given to a large number of members of Lloyd Spetz Post No. 1 and members of the Women's Auxiliary of the Legion last night. P. G. Harrington, adjutant of the post, explained the adjusted compensation bill, and detailed the attitude of the Legion.

The present bill in congress is not a bonus bill. Mr. Harrington said, and asserted that the former service man did not want a bonus for his service. What is asked, he said, is an adjustment in pay as between the high compensation of civilian workers during the war period and the \$30 a month of the service man. And in figuring the adjustment, the Legion does not ask or consider the loss of two price-less years in the economic life of the young men in the war, he said.

The adjusted compensation act, he said, provides five features—quarterly payment of allotment, 30-year paid-up insurance, aid in buying a farm or home, settlement on reclaimed land, a course in vocational training.

Much stress has been laid upon the so-called cash bonus by opponents of the measure. Mr. Harrington said. There is no cash payment provided, according to the provisions of the bill, he said. The former service man electing the so-called cash payment, will be paid in quarterly installments of \$50 each but not in a lump sum. Additional inducements are provided for him to accept the amount of the adjusted compensation as paid-up insurance, and in home, farm aid, vocational training or settlement on reclaimed land.

The adjusted compensation is based upon a dollar a day payment to service men below the rank of captain for home service; \$1.25 a day for foreign service, excluding the first sixty days of service, and with many other restrictions.

Much of the argument against the bill has come through misunderstanding of its provisions, he said. He quoted Senator McCumber, chairman of the finance committee, as saying that the immediate payment features of the bill would not be a burden upon the country, a statement made on the basis of close study of the measure.

In the discussion he gave the Legion's answer to arguments of the United States Chamber of Commerce against the bill, and said that the information contained in the referendum of that body was misleading. He said that many bodies had

endorsed the bill. Among them are the Los Angeles and Los Angeles Chambers of Commerce, and the people of Ohio last fall voted a state "bonus" and issued over \$20,000,000 in bonds. The Chamber of Commerce in Marion, Ohio, President Harding's home city, voted in favor of the adjusted compensation measure.

## SEARCH WARRANT IS INSUFFICIENT

Minot, N. D., Feb. 22.—Holding that the affidavits on which search warrants were issued to state officers were insufficient, Judge William Murray, in county court, has dismissed two cases involving charges of selling intoxicating liquor. The case was a test suit upon the legality of the search warrants, which the former attorney general, William Lemke, is said to have approved. The case also effects three or four other cases involving use of search warrants, it is stated.

A point of law was raised as to whether the search warrant on which the raid was made, was specific enough, it being argued that the document was insufficient to search a private dwelling, used only as such, and that the warrant did not say on the face of it that sales of intoxicating liquor had been made on those premises, as required by federal statute.

In one case state enforcement officers made the raid, and in the other suit federal officers made the raid.

Devil-fish varies in length from 1 inch to 50 feet.

## AUTO NOTES

Pacific coast motor bus is large enough to seat 40 passengers. Lin's slipping fan belt with adhesive tape to it will grip easily. Washing the car too often dulls the finish. Remove the dust before washing the car.

In 1930 the investment in the motor car industry was \$5,768,000. A 20 by 2 1/2 tire contains 1723 miles of cotton fiber. Forty-eight makes of automobiles use four-cylinder engines. Only one chassis is produced by each of 113 manufacturers. Inspect the rims occasionally and free them from rust. Use aluminum paint or special rim paint for rims. Don't fill the oil reservoir above the proper level. Wash fenders underneath to keep them from rusting at the fastenings. Clean distributor points frequently. Do not overlook small or thin cuts in the tires. Life of the car depends on proper lubrication of the parts. United States has more than 600 motor express lines operating up to 150 miles. British Columbia has abandoned the English left side drive system for the American way. Unnecessary strains are put on clutch and transmission by starting in high gear.

Capital investment of motor car industry today is estimated at \$1,000,000,000. An elevated motor car road is planned between Chicago and Milwaukee. Smaller wheels are the latest to hold the road and give more rakish lines.

There are now 181 motor car manufacturers in this country as compared with 160 at the beginning of last year. Largest number of motor car plants yet recorded was in 1911 when there were 275. Detroit, Cleveland and Indianapolis are the three largest centers of motor car production. Garage, exclusively used for women in Brookline, Mass., has closed for lack of patrons. Carefully follow manufacturer's instructions to enjoy a smooth running engine.

*The Two-Passenger Coupe-Roadster*

**Studebaker**

**Ideal for Two or Three**

Studebaker builds two attractive roadsters, each mounted on the sturdy 40-horsepower LIGHT-SIX Chassis.

Both cars are ideally suited to the requirements of the professional or business man, or the small family.

The open Roadster seats three adults in perfect comfort, with ample room for complete relaxation. The lines of the top harmonize with the graceful body. The wide doors with outside and inside door handles, permit easy entrance and exit. There is ample luggage space under rear deck.

For a convenient, light, easily operated car of great economy, there is no other three-passenger SIX on the market at or anywhere near its price.

The Coupe-Roadster, like the open roadster, is built complete by Studebaker. It is one of the most attractive enclosed cars of the year and, at its price, has no competition. In materials and workmanship it measures up to the highest standards of the industry. Seats two passengers with plenty of leg room.

Interior is upholstered in genuine leather. Windows are raised and lowered by simple automatic device. Equipment includes cowl ventilator, side coach lamps, thief-proof transmission lock, windshield wiper and clock.

You cannot obtain greater intrinsic values at any price.

# HUSBAND WON'T HELP WIFE WHO PLEADS GUILTY

Says Woman Who Admits Using  
Mails to Defraud Should  
Bear Consequences

## SENTENCE IS POSTPONED

Devils Lake, N. D., Feb. 24.—Mrs. Mary Dodgson, 23, of Doyon, N. D., who pleaded guilty before Judge Andrew Miller in the United States district court here to an indictment charging her with using the mails to defraud found that her husband, who, with their babe, accompanied her to court, refuses to do anything to help her.

When the court refused to accept her plea of guilty and told her husband, Wm. Dodgson, that a lawyer would be appointed to talk with her, the husband refused to have anything to do with the case.

"If she is guilty," the husband said, "she should accept the consequences. Under the circumstances, I'll give her no money to pay for a lawyer, because I cannot afford it. I do not see any use of it."

Dodgson admitted to the court that he owns 240 acres of land, but that he is too hard pinched to do anything for his wife. The woman showed no emotion during this dialogue between the court and her husband. Judge Miller finally assigned R. Goer to defend her.

**Faces Grave Charge**

Mrs. Dodgson faces a grave charge. The indictment shows that she was in the habit of sending large orders to various mail order houses for goods, mailing with the orders checks on which names of various persons were forged. It is alleged that the total amount of money involved in her transactions is \$1,000. She sent one order to a cloak house with a check for \$117, signing the name of Mrs. Fred Gaylord; and to the M. W. Savage company of Minneapolis she sent an order amounting to \$765, signing the name of Mr. John Taylor to the accompanying check. There are a number of other such instances where smaller amounts are involved.

**Sentence Postponed**

Mrs. Dodgson faced Judge Miller again later and on the advice of her counsel pleaded guilty to the charge against her. Mr. Goer, her attorney, told the court that it was "a case of non compos mentis," and that in his opinion the woman is weak-minded, because she did not realize the gravity of the charge against her.

Assistant District Attorney Nichols recited the evidence in the case, telling how the woman had sent the orders to the various mail order houses, sending with them forged checks. She had sent four orders, totaling over \$1,000, and in only one instance was the goods shipped her, this being done by Sears, Roebuck and company, who filed an order for \$180 and sent her back a refund check for \$24 to cover the cost of some goods that in stock. The check was sent to "Mrs. William Doyon," the name Mrs. Dodgson used when she ordered the goods. She cashed the check at a store in Doyon, Sears, Roebuck and company, however, learned before Mrs. Dodgson received the goods that something was wrong, and the goods were stopped before she actually received them.

Judge Miller said that he is satisfied that the woman is ignorant and did not realize the serious crime she was committing. He postponed her sentence until the next term of court, in view of the fact that she is about to become a mother.

# CAMPAIGN TO BETTER MORALE IS PROPOSED

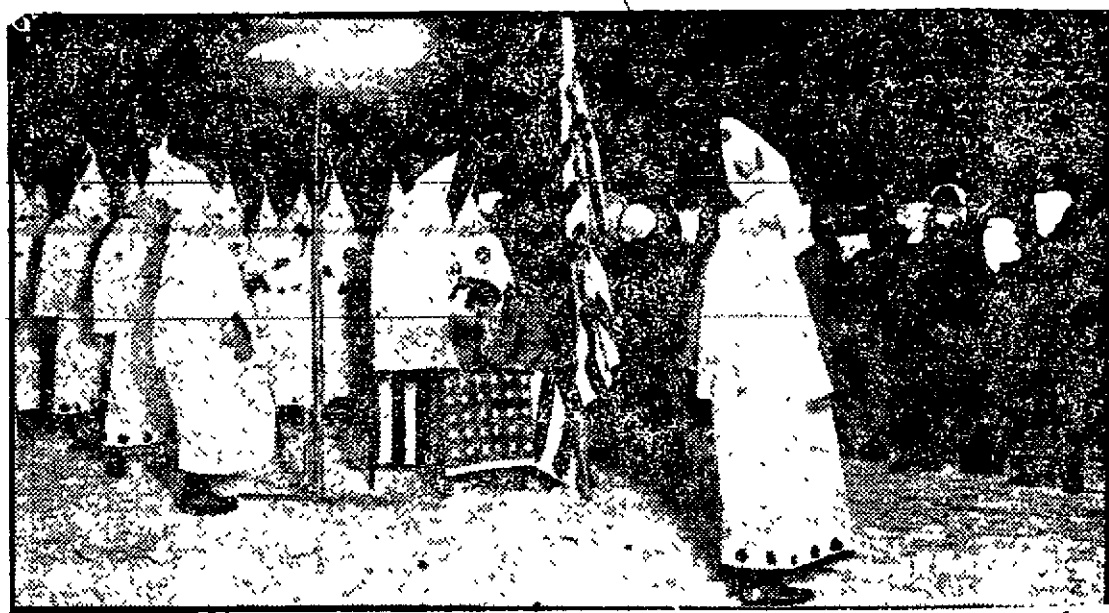

Minot Organization Adopts  
"100,000 More" as Slogan  
For Campaign

Minot, N. D., Feb. 24.—"One hundred thousand More" is the ambitious slogan adopted by the special committee of the Minot Association of Commerce which has set itself to the task of stiffening the morale of the people of northwestern North Dakota and preparing the local atmosphere for an influx of new settlers which is expected to make 1922 one of the greatest immigration years for this section of North Dakota. The slogan indicates the intention to pave the way for the coming of 100,000 more settlers, and steps are being taken to have every man, woman and child from Rugby to the Montana line and from Harvey to Canada join in the lusty chorus singing the praises of this entire region and inviting farmers in states struggling under the burden of inflated land values to "come to northwestern North Dakota, farm right and prosper."

The committee, consisting of C. D. Aker, chairman, W. E. Borene, Fred Thornhill, H. K. Swigum, W. M. Smart, J. J. Olson and Thomas B. Murphy, was appointed by the board of directors of the association to work in conjunction with the immigration committee and make certain that persons living in Minot and vicinity are prepared to meet prospective settlers and present this section at its greatest advantages. It met Wednesday to discuss plans for its work and at once decided that what it needed in northwestern North Dakota is an intensified campaign to impress upon residents the great possibilities of their home territory. This decision developed a discussion of plans to broaden the scope of this committee's work to take in every community in northwestern North Dakota and it was decided to call in representatives from these communities sometime during the week of March 5 to 11 and perfect an organization which will have for its purpose the development of the entire region.

It was decided at the meeting to launch a campaign to stiffen the morale of the people of this district

# THE KLAN'S LATEST INITIATION.

Congressional investigation of the Ku Klux Klan evidently has not discouraged membership in the organization in Washington. A class of 40 new members recently took the oath in the presence of 250 robed clansmen in Maryland, just across the District of Columbia line. Photo shows a new member taking the oath of allegiance before the "cross of fire."

during the week of March 5 which has been designated as Diversified Farming Week in North Dakota. Many plans were gone over but the task appeared too great for a small committee, hence a decision to meet again and call in a number of other men and have them share some of the work. The meeting will plan the work of the committee in detail.

# OLD CAPITOL BUILDING FULL OF ANTIQUES

Impossible To Obtain Correct  
Estimate of Value of the  
Numerous Old Articles

St. Paul, Minn., Feb. 24.—Collectors of antique furniture, seeking pieces of days gone by, would revel in their finds in the offices in the Old Capitol building here.

The old "secretary," found in one office, stands opposite a large modern filing case, and several sections of the "new" book case, but does not lose any of its dignity or sense of power by the contrast. Desks which have served hundreds of workers are today nobly doing their duty, and in many instances do not show the care and worry they must have witnessed in years gone by; when some newly elected or appointed official strove to solve the problems of the day.

Bookcases, desks, tables, filing cabinets or cases, chairs, including several rockers, earthenware cuspids, inkwells, which no doubt were manufactured shortly after the sandbox was discarded, all can be found in a trip through this one-time executive building.

Bookcases which reach from the floor to the ceiling, with massive doors, locks on them, as if they held within their confines the treasures of the world, are still doing duty in some of the offices.

Rot-top desks, large enough to permit a cabinet meeting to gather around its top still attempt to keep out the "office gossip" from its inner confines, and do faithful service to its owner in eliminating the dust from records and other like material. With a hitch and a jerk, the rot-top sometimes rolls, without undue persuasion on the part of the clerk or official, but oftentimes it is necessary to use considerable physical, in addition to the verbal, power to separate the top from the base.

Clerk's desks, now termed stenographic desks, which look as if the weight of a modern typewriter would bear them down, can be found with the collection, and continue serviceable to their "charming" owners.

Massive tables, which require the combined efforts of several janitors to move, are still acting as the general carry-all of all unanswered and "forgotten" correspondence, which in most cases is included in heaps of "miscellaneous material" of the office.

It is impossible to obtain a correct estimate as to the value of the numerous articles from officials in whose offices the furniture stands. Some of the old employees, who have worked on the old desks for years, place the value at an almost unobtainable price, while the incoming officials, or the younger generation of clerks, and stenographers would willingly donate some of their salary to pay for the hauling away of what they call "the old dust collectors and retainers."

# REPORTED SOO MAY BUILD ON FROM SANISH

Watford City, N. D., Feb. 24.—According to information received here, the Soo railroad plans to extend its line from Sanish, along the north side of the Missouri river to Williston. Latest reports are to the effect that the road has abandoned previous surveys extending across the Missouri river and into McKenzie county, and contemplates building in conformity with surveys westward north of the

# HIGH SCHOOL TEAM ON TRIP

Goes To Casselton and Fargo—  
Mandan Game Cancelled

The Bismarck high school basketball team left for Casselton today, where the team meets the Casselton high school team tonight. Bismarck plays Fargo high school at Fargo Saturday night.

The Mandan high school team was to have played Valley City last night, but failed to arrive in time. The game was postponed until Saturday night. The Mandan boys' team and the girls' team both play at Jamestown tonight.

# Former Legion Head Transferred

Minot, N. D., Feb. 24.—F. R. Landers, former manager for the northwestern or Minot district of the Northwestern Telephone company with headquarters at Minot, notice of whose transfer to some other point was given out several days ago, has been officially assigned to the position of commercial supervisor for the state of Nebraska, with headquarters at Omaha. After straightening up affairs here, Mr. Landers will leave in a few days for his new location. Mr. Landers was a resident of Minot six years. He was the second commander of the North Dakota department of the American Legion.

# Company Here For Performance

"The Bird of Paradise" comes to the auditorium tonight with a cast of unusual merit. Ann Reader, an attractive young actress, is to be the swarthy Hawaiian princess Luana, who passionately loves Paul Wilson, an American in Hawaii, who in turn is fervently loved by her. But from the moment of his devotion to this lovely but sadly primitive little creature, Wilson not only loses caste, but also that essence of force and distinction which is his by right of birth and race. It is only when he realizes his rapid descent and so turns savagely about face, that he restores even a modicum of his self respect.

In the cast supporting Miss Reader are Herbert Charles, a leading man of wide experience who has the difficult role of Wilson; Frederick Forrester will enact Tully's self-absorbed beach-comber; "Ten Thousand Dollar Dean" one of the most original characters in all South Sea literature; Miss Ellen Mahler, an attractive blond, makes a most bewitching Diana. One of the features of this play is a quartette of native Hawaiian singers and players and Hula dancers.

The company arrived last night.

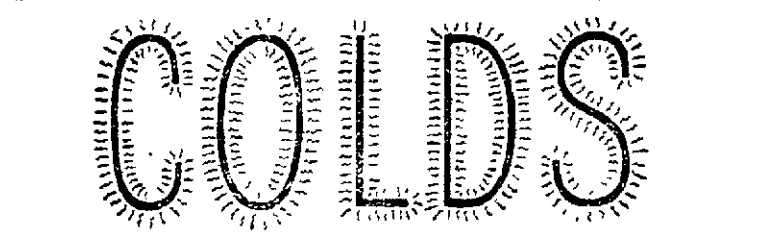

# HOSPITAL IN SERVICE SOON.

Minot, N. D., Feb. 24.—Minot's detention hospital, located in a building bought by Ward county for use of the city, will be in service soon, the building having been remodeled and hospital equipment having been ordered. Six beds on the unit plan will be installed at first. Eighteen patients can be accommodated at one time when the building is completely equipped. A nurse will be placed in charge as soon as initial equipment has been installed. For the first three months the hospital will be conducted by the city to determine the rate of cost of maintenance.

FOR RENT—Nine-room house, completely furnished. Whole house or apartments can be rented, as desired, 913 2nd St. 2-24-1w

Don't forget the Trades Assembly Dance at Patterson Hall tonight.

Special Children's Matinee tomorrow at 2:30, Capitol Theatre, showing "The Three Musketeers."

"Pape's Cold Compound" Beaks any Cold in a Few Hours

Instant Relief! Don't stay stuffed, nose running, relieve headache, dull, up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The first dose opens clogged-up nostrils and air passages of head; stops

# South African Railways Are To Be Electrified

London, Feb. 24.—A contract valued at between 750,000 and 1,000,000 pounds for material needed in the electrification of South African railways has been obtained by a Manchester firm, according to the Times. The order is said to be the largest concerned with main line railway electrification that has ever been entrusted to a British establishment and was obtained in the face of strenuous European and American competition.

It involved the supply of at least 70 electric locomotives destined for the 120 miles railway line between Glencoe and Pietermaritzburg.

# Bakers Too Strong For Government

Vienna, Feb. 24.—With the decontrol of breadstuffs, the bakers have begun to display all the old-time rolls, pastries and fancy breads that are known the world over as distinctly Viennese products. The bakers fought it out with the government and finally won. Naturally, the breads are beyond reach of the masses and even black ration bread is selling for 480 crowns the loaf as against the officially estimated price of 360.

# Special Children's Matinee tomorrow at 2:30, Capitol Theatre, showing "The Three Mus- keteers."

A J. Bjerkness, of Williston, won the North Dakota checker championship by defeating John Meyer, of Fried, in the finals of the state tournament here last night.

All officers of 1921 state tournament were re-elected.

Don't forget the Trades Assembly Dance at Patterson Hall tonight.

Special Children's Matinee tomorrow at 2:30, Capitol Theatre, showing "The Three Musketeers."

# NEW POPE, PIUS XI, IS NOTED FOR HUMBLE LOYALTY

Described Also as Kindly, Cour-  
teous and a Very Human  
Being

Iowa, City, Ia., Feb. 24.—His humble loyalty is the striking quality of the new pope, Pius XI, as noted by a personal friend, Dr. B. L. Ullman, professor and head of the department of Latin and Greek at the University of Iowa.

"He was kindly and courteous and a very human being," Professor Ullman says.

"I first met Achille Ratti in 1906 when I visited the Ambrosian Library at Milan to examine certain Latin manuscripts," Dr. Ullman said. "At that time he was a plain 'doctor of the Ambrosian' and acted as assistant librarian. The Ambrosian Library is one of the famous libraries of Italy and contains some very valuable manuscripts. These manuscripts were Ratti's constant companions and friends. He worked with them all day long, examining and studying the old treasures which he loved."

"The most striking quality which I found in Ratti in 1906 was his attitude of respect, admiration, loyalty, and deep humility towards his superior, the librarian of the Ambrosian, Antonio Ceriani, who even then was ill and who died soon after. It is certain that Ceriani had a profound influence on Achille Ratti's life. After Ceriani's death, Ratti, who succeeded him as librarian, was very active in bringing out a memorial volume of scholarly papers in Ceriani's honor. His attitude toward Ceriani is no doubt an indication of one of the new pope's chief qualities, his humble loyalty."

Was Very Helpful

"Ratti was very helpful to me in my work, not only in 1906, but also in 1907 and 1910, when I revisited the

Ambrosian and spent some time there in intimate contact with the man.

"Classical scholars and palaeographers respected Ratti for his excellent scholarship as displayed in numerous learned articles. These articles are generally concerned with manuscripts. I possess several of his articles, autographed copies which he sent me at various times. We kept up a desultory correspondence from our first meeting in 1906."

"In one of his articles he tells about rummaging among some old manuscripts and coming upon certain fragments which suddenly attracted my attention and piqued my curiosity. There you have the characteristic attitude of the scholar making a discovery. It was a great surprise to me that he left the field of scholarship for the diplomatic and executive. We have one more illustrious example to prove that scholarship is a splendid foundation for any career."

# Pope's Age Astonished Him

"I was greatly astonished to learn that the new pope was nearly 65 years old. Judging by the way he looked in 1910, my guess was that he was not much more than 50 at the present time. He has many years before him. The pictures recently published are excellent likenesses. The very recent ones clearly show the change in facial expression due to his change of occupation from the field of quiet scholarship to that of more strenuous executive work."

"In spite of the few weeks I spent in the company, I feel that I know the pope intimately because we sat side

by side all day long and exchanged views on matters of common interest. He was a kindly and courteous to me and a very human being. In 1910 he discussed with Mrs. Ullman, who accompanied me, the best methods of sweeping up floors without dust."

**WORLD FAMOUS PLAY**

# CAVALRY WON WAR AGAINST TURKS, DAVIS

Without Water or Baggage, The Cavalry Made Long and Hard Marches

## OUTFLANKED THE ENEMY

Washington, Feb. 23.—Cavalry won the war—at least so much of the world conflict as was fought out in Palestine—according to Lieut. Col. Edward Davis U. S. Army, who has just returned to Washington to present to the general staff his observations on more than six years' service with the armies of other nations.  
Before the entry of the United States in the world war, and afterwards, Col. Davis served with the forces of Great Britain, France, Russia, Italy, Serbia and Greece. Later he served as military attaché in Holland and at Berlin. According to Col. Davis, his most valuable military experience was with the British cavalry during the Jerusalem campaign, and he stated he was surprised to find that so little was known in the United States regarding the facts of General Allenby's two remarkable campaigns in the Holy Land, each of which he characterized as "an exquisite example of the combined operations of all arms of the service under a master strategist and a great natural leader of men."  
In both the Jerusalem and Damascus campaigns, Col. Davis said, the master stroke was delivered by the cavalry. He described the mounted cavalry as being "the most striking results were attained by those swift and unexpected blows at enemy infantry and artillery groups."  
"After the British had reached what looked like a stalemate on the Gaza-Beersheba line," Col. Davis said, "it was decided to employ cavalry in a final effort to pierce the Turkish defenses. The British strategists decided cavalry could operate best against one end of the line, and a mounted squadron was sent to 'bite off' an end of the Turkish entrenchments that had resisted every effort at capture. Within an hour the cavalry had effected contact with the Turks, and then began a process that might best be described as 'rolling up' that thin line that so long has resisted every effort at assault. The operation was a complete success, and the entire line was in British control within ten hours."  
"The value of cavalry against heavy artillery was strikingly demonstrated at Huj, where the 60th division was engaged. The cavalry under Colonel Shea charged 12 cannon protected by machine gun nests, and in ten minutes had captured 11 of the big guns and cleaned out the nests. The success of that operation was repeated in the charge at El-Mughar one week later. There the cavalry charged to the top of a hill 125 feet high, with a 20 per cent grade, and, leaping over a series of trenches captured three Krupp 77's and nearly a score of machine guns."  
"Without water, without baggage of any sort, the cavalry made long hard marches and outflanked the enemy column again and again. Finally, on the plain of Armageddon, the last struggle took place. During the first stage of that battle the Turks fought well but were steadily forced back. Presently the Turkish front between the sea and the Jordan was broken, and through the gap along the sea coast Allenby launched his cavalry which swept northward and then eastward to Nazareth, across the rear of the whole Turkish host. The German commander Liman Von Sanders, barely escaped from the net of the British light, but what was left of the Turkish armies, more than 60,000 men and 400 guns fell into Allenby's hands. A month later Turkey capitulated."

## Money Deposited In Swedish Banks By Russian Commissars

Copenhagen, Feb. 24.—A Danish financier with a knowledge of Russian conditions says that between 200,000-000 and 300,000,000 kronas are deposited in Swedish banks in the names of various Russian commissars.  
He adds that any money deposited in the name of any Russian government is liable to sequestration by states with monetary claims against Russia and it is therefore necessary to have the money deposited in the names of commissars.  
The financier also asserts that still larger sums are deposited in South American banks in the names of commissars.

## Rheumatism

A Remarkable Home Treatment Given by One Who Had It  
In the year of 1893 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who are thus afflicted know. For over three years, I tried every remedy, but I was never cured. I obtained relief only temporarily. Finally, I found a treatment that cured me completely, and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case.  
I want every sufferer from any form of muscular and sub-acute rheumatism (swelling at the joints) to try the great value of my improved "Home Treatment" for its remarkable healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it, and it has proven itself to be that long looked-for means of getting rid of such forms of rheumatism, you may send the price of it to me, but I understand, do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.  
Mark H. Jackson, No. 608H Durston Bldg., Syracuse, N. Y.  
Mr. Jackson is responsible. Above statement true.

# "Film League Of Nations" New Plan In European Screen Circles

BY JAMES W. DEAN  
New York, Feb. 24.—An international organization to control interchange of films is now being planned in Europe. So writes Milton Bronner, who keeps me informed on movie affairs over there.

Such a movement, if consummated, would be tantamount to international censorship.  
The agitation for a "film league of nations" started when General Booth of the Salvation Army was interviewed in London after returning from a tour of the Scandinavian countries.  
"He found a profound change going on in the moral outlook of the people of those countries," Bronner writes. "He attributed a great deal of this to the movies. They were spreading a moral pestilence, he said, and suggested an international understanding on the film."

British producers and critics endorsed General Booth's idea. They pointed out that films that might be all right in the United States might be all wrong in India and that German films might cause damage in other parts of Europe.  
"Americans have no idea of the persistent and consistent campaign that is kept up over here in the film business," Bronner writes.

"The Briton sees that the greatest number and the greatest films are made in the United States. Germany probably comes second. It's easy to bar German films. The war is still too close. The public won't stand for German films."  
"It's different with American films. They are in the majority and the public likes them, but the press, in the main, makes a regular campaign against them."

"Few are praised. Critics ridicule the American language employed in subtitles and the settings and costumes when the scenes are laid in England. They especially scorn the morals of some of the American movies."

Bronner points out that an international organization to control exhibition of films would doubtless have a majority of Europeans anxious to build up the industry in England, Italy, France and Sweden. He says hundreds of our films are shown in Europe to each European picture shown in America.  
That seems to draw the fangs from the wolf. If American producers were to refuse to send any films to Europe many movie theaters throughout England and other European countries would go bankrupt. They couldn't obtain enough good films to keep going.

Proof of that lies in the fact that no other country has yet produced a Chaplin, a Fairbanks, a Keaton, a Lloyd, a Joan Bunny, a Fatty, a Lucie, a Charles Ray, a Wallie Reid, in short, no other country has produced a film player who stands out as an artist of comedy. And comedy is the backbone of screen entertainment.  
And more—besides Lubitsch, no other country has produced a Griffith, a De Mille, a Nielan, an Ingram or a Fitzmaurice. Americans are veteran masters of screen technique.

ODIOUS COMPARISONS  
British critics may or may not be prejudiced against American films, but I am disposed to agree with those who ridicule American subtleties and the American conception of English nobility.

Except for those titles written by such experts as Rupert Hughes, Katharin Hilleker and Anita Loos, most of our photoplay captions appear to be the work of high school sophomores.  
I have met recently three members of the British nobility. Not one of them was topknot, wore a monocle or talked with a lisp-sided accent, and that is the way they usually are presented on the screen.

On the other hand, I disagree violently with the British critics who assail the morals of American films. The immorality of our films lies mainly in the lies told about them by press agents.  
Most of them are disappointingly moral. "The Sheik," for instance. There wasn't a single blush in the film while the book was just as naughty as "Three Weeks." And Mrs. Hull, author of the former, and Mrs. Glyn, author of the latter, are both English, you know.

Morals of the films might be far more interesting if the English were to flake their own written works—even Shakespeare.

## SORE, IF SHE DOES OR DOESN'T

Mlle. Fanny Heldy, cantatrice of the Paris Opera, is sore because she can't get a license to ride as a jockey. One might think that she would be sore if she did get the license. She's coming to America to sing—and maybe to ride.

GLADYS HULLETTE AS SHE APPEARS IN REX BEACH'S NEXT MOVIE, "FAIR LADY."

# TELLS HOW TO OPERATE YOUR HEATING PLANTS

O. P. Hood Comes To Aid of Those Who Are Unable To Keep Out Cold Blasts

## FEEDING AIR IS PROBLEM

Washington, Feb. 21.—Advice to operators of house-heating furnaces, who under the keen urge of chill blasts of winter have applied to the Bureau of Mines for a solution of difficulties experienced in caring for their fire-oversight, is given in a statement made today by O. P. Hood, chief mechanical engineer of the bureau.

There are several ways of managing a furnace, as there are several ways of driving a horse, says Mr. Hood. The general principle is quite obvious, but that principle can be applied in different ways. In the process of combustion two quantities must be supplied—coal and air. The coal one pays for, the air one gets for nothing, but the quantity of air required in weight is from twelve to twenty times as much as the quantity of coal required. If one had to pay for air he would pay a great deal more attention to the supply of this necessary material, Mr. Hood says.

Given a bed of coals that are red hot, the first will burn just in proportion as air is fed through the fuel bed. The question of keeping a fire over night, Engineer Hood asserts, is one of having a bed of fuel large enough so that at least the center of it can keep red hot without being chilled by the cold sides of the furnace, or the cold ash pit below. If absolutely no air was fed through the fuel bed, in time the fire would go out because of loss of heat. The problem, then, is to feed just air enough through the fuel bed to maintain temperature.

Cut Down Flow of Air  
The ash pit of most furnaces leaks enough air so that if there was a considerable draft or suction above the fuel bed produced by the chimney, more air would leak into the ash pit and up through the fuel bed than enough to simply maintain the temperature, Mr. Hood explains. Too much air fed through the fire would burn up the coal and the fire would not keep. The problem, then, is to cut down the flow of air through the

BETTY BLYTHE IN THE BRIDE'S DRESS SHE WEARS IN "FAIR LADY," A UNITED ARTISTS' FILM.

fuel bed. This can be done in numerous ways; one can put on a large amount of coal and cover the top with very fine coal, or even with ashes. This increases the resistance through the fuel bed, so that only a small amount of air flows. Another way, and a good way too, according to Mr. Hood, is to allow ashes to accumulate on the grate to add to the resistance of the flow of air. While this is a good way in mild weather, it is not so good in severe weather, because one cannot get as much coal into the fire-box, and it is usually best to keep the fire-box completely filled with fuel. Even when the resistance through the fuel bed is increased, if the draft is maintained there is apt to be too much leakage through the ash pit and too vigorous a fire. By opening the check draft so that air can flow up the chimney without flowing through the fuel bed, the air passing through the fuel bed is greatly reduced. It makes little difference whether this is done by opening the check draft in the chimney, or done by opening the damper in the door, allowing the air to flow above the fuel bed. In the latter case, however, the air is drawn through the boiler and helps to cool off the boiler in addition to checking the flow of air through the fuel bed.

# GERMAN SOLDIER DEAD REMAIN ON FOREIGN SOIL

French Are Carefully Tending Burial Places and Making Individual Graves

Berlin, Feb. 23.—German soldiers who died and were buried on Belgian and French battlefields probably will remain on foreign soil, on account of the cost entailed in bringing them home.  
This is indicated in statements by the official bureau which is entrusted with the work of helping relatives to identify the dead and arrange for the transportation of their bodies to Germany.

Although negotiations with France and Belgium for the removal of the bodies were concluded weeks ago, not one German soldier has been exhumed for the journey home, despite the fact that thousands of inquiries have been made by relatives. Told that they must bear the cost of exhuming and transportation, which from France amounts to 30,000 marks, they turn away, for that sum is now a large fortune to the average German.

Consequently, sentiment is growing to allow the German soldier dead to rest on the fields where they were buried or in the French or Belgian cemeteries to which they have been transferred. The information that the French are carefully tending these burial places and where possible, marking the individual graves with crosses and names also has tended to allay the feeling that these dead should not remain in a strange land.

Under the stipulations agreed upon, none of the three governments assumes responsibility for mistakes, and the relative must give a guarantee of identity before permission is granted for removal, which in the majority of cases is very difficult. The German office carries on negotiations with the Belgians and French to this end, which sometimes requires several weeks.

Even those relatives who cannot or do not desire to bring the dead soldier back to the Fatherland are seeking to establish the identity of the fallen, and the bureaus opened in Prussia, Bavaria, Saxony and Wurttemberg to help them, are swamped with inquiries.

# DEMANDS EARLY ENACTMENT OF SEED AID BILL

Senator McCumber Encounters Southern Opposition to Appropriation Measure

## IS BEFORE COMMITTEE

Washington, Feb. 24.—Senator McCumber has laid plans for the enactment of an early day of his bill appropriating \$5,000,000 for the purchase of seed grain to be supplied to farmers in the crop failure areas of the United States for their 1922 crop.  
In advocating the passage of this bill Senator Ladd has joined the senator from North Dakota and together they are applying themselves to team work to convince the senate that it is the part of wisdom to have the federal government lend a helping hand to those farmers of the crop failure areas who are unable to procure wheat, oats, barley and flaxseed for seed purposes so that their spring planting may not be interfered with.

To those who are familiar with the temper of Congress at this time, when there is a general outcry for reducing appropriations to a minimum, Senator McCumber's bill presents great difficulties. Democratic opposition is already showing itself although the southern states have had \$100 expended by the federal government for the benefit of their agriculturists for every \$1 that has been given to assist the grain raising states of the northwest. Notably in the fight against the spread of the boll weevil the federal government has been liberal in lending its aid to southern planters who have at various times been unable to cope with a condition threatening their cotton crops. The northwestern states could no more avoid the disastrous consequences of drought than could the states of the south avoid the devastation of the boll weevil and the better thought of the entire country has approved both propositions to extend relief. Senator McCumber has made this similarity of condition plain so that every fair-minded senator could not fail to see the justice of his plea that "turn about is fair play."

Senator McCumber's bill to appropriate \$5,000,000 to assist farmers in the crop failure region was introduced in the senate December 21 and was at once referred to the committee on agriculture and forestry of which Senator Ladd is a member, and the junior senator promptly joined his colleague in approving and in promoting the passage of this measure.

Authorizes Loans  
This bill authorizes the Secretary of Agriculture in the interest of the grain crop of 1922 to make advances or loans to farmers in the crop failure areas of the United States where he shall find that special need for such assistance exists, for the purchase of wheat, oats, barley and flaxseed for seed purposes, and when necessary to procure and sell such seed to farmers.

These advances, loans or sales shall be made upon such terms and conditions and subject to such regulations as the Secretary of Agriculture shall prescribe, including an agreement by each farmer to use the seed so obtained by him for the production of grain or flaxseed. A first lien on the crop to be produced for seed obtained through this loan, advance or sale shall be deemed sufficient security for repayment of the amount loaned. The total amount of such advance, loan, or sale to any one farmer shall not exceed the sum of \$300. These loans are to be made through such agencies as the Secretary of Agriculture shall designate.

This bill has been up for consideration before the senate committee on agriculture but there has been enough opposition to throw a wet blanket over moves that have been made to have it reported favorably to the senate. Senator McCumber has convinced many Republicans of the justice and wisdom of passing this bill and at an opportune day in the near future he will appear before the committee and place all the weight of his

influence back of this measure. As chairman of the committee on finance Senator McCumber is doing a vast amount of work, as the tariff bill which is now in the making, and the soldiers' bonus bill is the cause of a parliamentary struggle brought on by its opponents. Both of these measures are of the utmost importance to North Dakota. Canadian competition is to be met by tariff duties sufficient to give the farmers of the Northwest the same degree of protection that New England and other Atlantic Coast states will receive for their manufacturing plants that are threatened by foreign cheap labor of Europe and the Orient. The bonus bill will benefit thousands of the soldier boys who left the farms of North Dakota to go into training camps and to Europe to swell the military forces of the United States in the World War.

Uses Seniority.  
If this country can interest itself in aiding famine stricken Russia to the extent of \$20,000,000 at this time when economy is the slogan of the administration and on Congress, Senator McCumber thinks it can aid the drought stricken regions of the grain states to the extent of \$5,000,000. He is being a very convincing way in winning supporters for this bill by quoting precedents with which his long service in the United States senate has made him familiar.

The fact is, the seniority rule not only operates to give a senator power in the senate and in all the transactions of Congress by reason of the nobility of influence he attains by long service, but that long service makes him effective as an advocate of legislation he approves because he can use his knowledge of precedents and of legislative methods.  
Every one here realizes that the fight that is being waged for the passage of Senator McCumber's bill is one requiring the exercise of great power and influence. The struggle for the passage of the bill to aid the drought stricken areas is now on, backed by the two North Dakota senators.

Realizing that spring planting time is now at hand, and that action on this bill will require prompt response by the Department of Agriculture, Senator McCumber has obtained friendly co-operation from that department in anticipating the work it will have to do. The department is arranging for the intricate machinery of administration required to handle this great fund so that officials of the government may be able to move quickly in furnishing the farmers of the grain growing states with seed as soon as the appropriation is made available.

## LABOR WOULD CARRY LONDON POLITICALLY

London, Feb. 24.—Labor is squaring up for a big fight to secure the municipal control of this metropolis through the London County Council elections, which take place early next March.  
Labor's opponents, the Municipal Reform Party and the Progressive Party, although divided in policy, are practically united to keep out the labor socialists. The latter have collected an election fighting fund of

The London County Council consists of 124 councillors, 19 aldermen and the chairman.

# EASTER SUNDAY DISCUSSED BY REV. BRENNAN

Would Eliminate Moon as Means of Determining Date of Paschal Feast

St. Louis, Feb. 24.—The moon is too inconsistent a planet to govern the date of Easter, in the opinion of Rev. M. S. Brennan, astronomer-priest of this city, who has expressed hope that the council of astronomers called by the late Pope Benedict XV for a meeting in Rome next April will decide to eliminate the moon as a means of determining the date of the Paschal Feast.

Father Brennan recently suggested that a certain date be fixed or a certain Sunday, and suggested that either April 3 or the second Sunday in April be designated the day, on which the churches celebrate Easter. The present method of fixing the first Sunday following the first full moon after the vernal equinox, Father Brennan points out, leaves a range of 34 days for the Easter feast, and by fixing a certain day or certain Sunday, he believed, much confusion could be avoided.

## Social and Personal

### Washington Party Given By Forty Club

Probably the most delightful and most beautiful dancing party of the season was held last evening when the Forty club enjoyed a cotillion dance at Patterson hall, led by Major F. S. Henry.

The hall was beautifully decorated with flags and red, white and blue balloons. One corner of the hall had been cleverly arranged to give the effect of a tea garden and refreshments were served at tables in the "tea garden." Each table was attractively decorated in keeping with Washington's birthday and lovely favors were found for each guest.

The Ballroom dance, the Sparkler dance and the Serpentine cake dance were the feature dances of the evening. The McKenzie orchestra furnished music for the dancing.

Miss Alice McNeely of Minneapolis, a guest at the home of Major and Mrs. F. S. Henry, was an out of town guest.

Mrs. D. B. Register was chairman of the committee in charge of the party. Assisting Mrs. Register were Mesdames F. E. Shepard, L. A. Shipfer, W. L. Smith, B. F. Tillotson, C. E. Stackhouse and E. H. L. Vesperman.

### Pioneers Plan For Big Meeting

Please don't forget the date, Tuesday evening, Feb. 28th. Place, Grand Pacific hotel. Your committee has completed arrangements and earnestly requests the attendance of all persons and families who are eligible to membership under the constitution of the association.

There will be community singing and cards for those who enjoy same. Short talks by members of the association, and others. Lunch will be served at fifty cents a plate, and this will include annual dues. No other charges will be made.

The program will be announced at the meeting. All old timers should not fail to be present, and renew that old time spirit of fraternal friendship, as only those who have lived in times when friendship was the true bond of pioneers days.

Signed, H. L. READE,  
Chairman Committee on Arrangements.

### H. O. WRAY, JR. GIVES

H. O. Wray, Jr., the little son of Mr. and Mrs. H. O. Wray celebrated his fifth birthday yesterday by entertaining five of his little boy friends at his home. An entertaining afternoon was spent playing games followed by a lovely birthday luncheon served at a table prettily decorated in pink and white and with a birthday cake with five candles used as the center piece. Lollypops dressed in crepe paper were the clever favors. Misses Catherine and Florence Smith assisted the hostess. The guests included John Cameron, Delbert Perry, Norman Cornish, Corlie Anderson and Douglas Marden, the five little boy friends and little Miss Janet Marden.

MRS. WOODWARD AND MRS. DE KAY ARE HONOR GUESTS  
Mrs. Mary Burton was hostess to 15 lady friends at her home, 219 Third street, yesterday afternoon in honor of Mrs. E. B. Woodward, who with her husband is leaving in the early spring for their new home at Kalamazoo, Mich., and Mrs. A. DeKay of Saskatchewan, a guest at the home of her sister, Mrs. Woodward. A pleasant afternoon was spent doing fancy work and telling stories. Lovely refreshments were served at the close of the afternoon by the hostess assisted by her daughter, Miss Bertha Burton.

IDLERS CLUB MEETS.  
Mrs. W. W. Moyer entertained the members of the Idlers club at her home on Wednesday afternoon. Three tables of bridge were in play. Miss J. I. Setzer won the prize for having the highest score at the close of the playing. Delightful refreshments were served.

DANCE TONIGHT  
Dancing will begin at 9 o'clock at the Trades and Labor Assembly dance which will be held at Patterson hall this evening. The proceeds of the dance will go to finance the State Federation of Labor convention which will be held in June. All are invited to attend.

RETURN FROM CALIFORNIA  
O. to and Alfred Schulz of Linton, N. D., who have been spending the winter visiting in California are visiting friends here for several days before returning to their home at Linton.

MONDAY CLUB MEETS  
The Monday club will meet with Mrs. R. S. Towne at her home, 723 Sixth street on Monday, February 27, instead of with Mrs. W. E. Lahr which is given on the club program.

RETURNS TO BISMARCK  
Mrs. M. O. Agre of the city, has returned from Groton, S. D., where she attended the funeral of her mother, who passed away at the home there on February 16th.

LEAVES FOR CHICAGO  
C. L. Robertson, state high school inspector, left yesterday for Chicago, Ill., where he will attend the central and northern sections literacy conference.

RETURNS FROM TRIP  
P. K. Eastman of Wilton, N. D., was a visitor in the city today. Mr. Eastman is enroute to his home from Chicago where he has been on a business trip.

VISITING FRIENDS HERE  
Mrs. R. J. Dennis and Mrs. I. F. Olson of Wilton, N. D., who have been visiting friends in the city this week, expected to return to their home today.

VISITING SISTER HERE  
Mrs. A. DeKay of Saskatchewan.

### Milady Is Faithful To Black

By MARIAN HALE  
New York, Feb. 24.—New York, in the main, is yet faithful to her black. Vainly do modistes try to lure her from sombre paths to those of sapphire, fuschia, petunia and glowing flame.

"I will have that frock—but in black," says Madame, and the modiste sighs, puts the gorgeous colors away and begins the model in black.

But Madame makes up for the sombreness of her gown with the brilliancy of her jewels. Her arms are literally ablaze with bracelets, some of them wide dog collar bands of seed pearls, chip diamonds and black enamel. Others are fascinating bands of natural color flowers done in ivory and fastened together with slim bands of gold and silver.

The vogue for bracelets comes of course with the sleeveless gown. The graceful gown shown might be effectively fashioned of black velvet with collar, fringe and flower of mulberry. It might also be done in gray with petunia.

Canada, is visiting at the home of her sister, Mrs. E. B. Woodward, of 1014 Fourth street.

OUT OF TOWN VISITOR  
Otto Seerup of Flasher, N. D., was an out of town visitor in the city today.

Carl Roshalt of Roanwood, Mont., is visiting in the city, a guest at the home of Mr. and Mrs. J. L. Johnson.

J. L. Wachter of Temvik, N. D., is a visitor in the capital city today.

WASHBURN VISITOR HERE  
J. K. Ekstrom of Washburn, N. D., was a visitor in the city today.

### Church Societies

German Lutheran.  
The Ladies Aid society of the German Lutheran church held their meeting at the parsonage, 1014 Avenue C, yesterday.

The Young People's society of the German Lutheran church met in the church parlors last evening.

The Third Division of St. Mary's Sewing Circle met with Mrs. William Laist at her home yesterday afternoon.

The members of the Ladies Aid society of the First Baptist church had planned to hold a social meeting in the church yesterday but on account of illness in families of the members and members of the committees in charge of the affair, it was decided to postpone it indefinitely.

Presbyterian.  
The regular monthly business meeting of the Ladies Aid of the First Presbyterian church will be held in the church parlors next Thursday afternoon at 3 o'clock. This is a very important meeting and all members are urged to be present. The annual election of officers will be held and sewing for the Children's Home at Fargo will complete the afternoon's work.

Episcopal.  
St. George's Episcopal Guild will meet at the parish house next Thursday afternoon. Work on articles for the Easter sale will be started at this meeting. The Guild plans to give a Silver Tea every other Thursday during the Lenten season. The proceeds of these teas will be used for the church work.

Lutheran.  
The Lutheran League of the First Lutheran church will meet in the church parlors tomorrow night. Misses Esther Hoover and Alfrid Alson will be hostesses.

Seat Sale opens at usual place, tomorrow nine o'clock, for the Vaudeville show at the Auditorium Monday night.

Dance every Tuesday, Thursday and Saturday evenings at 8:30 at The Coliseum, formerly Baker's Hall, newly redecorated. 10c per dance.

### School Notes

Wachter School.

The attendance in both the upper and lower grades of the Wachter school is almost regular despite the bad weather conditions and prevalence of many cases of the flu in the city.

The Community meeting which was to have been held Thursday evening has been postponed until a later date on account of the heavy snows.

Miss Bentley, who was ill Wednesday and Thursday, was able to return to her duties this morning. During her absence Miss Mullaney was in charge of the first grade and kindergarten.

Will School.  
On account of so many little people attending the Will school the attendance is quite small on account of the storm. Every room was represented on Washington's birthday although some of the attendances were not large.

The school nurse has practically completed her work in the school. She is now giving the tooth brush drill.

One hundred and seventy half pint of milk are given to children of the Will school daily.

Miss Downey of the state library will meet with the teachers Tuesday night following the school session and will give her plans for the conduct of a library drive in the schools.

Professor Neff is confined to his home at 709 Sixth street.

Miss Elizabeth Jones, of the high school, is confined to her apartment at Person court.

Miss Victoria Stanka and Miss Mary Giffin are confined to their homes.

The basket ball team, accompanied by Mr. Swanson, left this morning for Casselton and Fargo. They will play at Fargo this evening and at Casselton tomorrow night.

Not many of the high school students are out of school on account of illness.

Richholt School.  
Miss Sarah Morris and Miss Ruth Rowley are confined to their homes.

Miss Mabel Campbell is substituting in place of Miss Morris, and Mrs. Owens is substituting for Miss Rowley.

### CITY NEWS

Governor Returns  
Governor R. A. Nestos was to return today from Grand Forks where he attended the Founders' Day exercises at the University of North Dakota.

At Selfridge  
States Attorney P. C. McCurdy is snowbound at Selfridge, according to a wire received from him. Mr. McCurdy was there on business Tuesday, and is believed to still be there.

Offer Special Attraction  
An added attraction at the American Legion Circus is the fish pond. Merchants have been very liberal in donating to this pond and there are articles ranging in value from \$1 to \$10. Among the articles in the fish pond is a \$1,000 insurance policy on household goods, 24 tickets to the theaters in the city and a good bracelet valued at \$10.

Carl Roshalt of Roanwood, Mont., is visiting in the city, a guest at the home of Mr. and Mrs. J. L. Johnson.

BUSINESS VISITOR HERE  
O. W. Gabriel of Pyder, N. D., is in the city on a several days business visit.

HERE FROM DRISCOLL  
Luther Erland of Driscoll, N. D., was in the city visiting friends today.

HERE FROM TEMVIK  
J. L. Wachter of Temvik, N. D., is a visitor in the capital city today.

WASHBURN VISITOR HERE  
J. K. Ekstrom of Washburn, N. D., was a visitor in the city today.

### Household Hints

SLEEVES  
The sleeve is still the pet of the modiste and no sleeve is made quite like any other sleeve. There are nun's sleeves, wide all the way down, and Chinese sleeves widening at the bottom. There are mitten sleeves and gauntlet sleeves which are detachable. There are sleeves which are slashed from shoulder to wrist and sleeves made entirely of ribbon.

FOR DRESSING TABLE  
Time was when every girl owned up to at least one ambition, that of having a complete silver set for her dressing table. Silver has gradually been replaced, however, until this season quite the latest and best thing is pottery. Pottery dressing table appointments come in flamboyant pinks, delightful blues and soft yellows.

BLACK PAINT  
The fashion for black paint is becoming more and more insistent. Black furniture is quite a rage. And some of the very new and very smart apartments are being done with black woodwork. With this then, when velvet is too costly, black poplin hangings are used.

SEASONABLE SMARTNESS  
To be smart this season you must be demurely smart and have your frock cut high up in the neck in the new, straight across, line. One of the new ideas in trimming is to finish the hem and sleeves of the frock with three rows of piping cord.

SKIRTS  
In spite of all rumors to the contrary skirts are dropping steadily floorward. The smartest gowns are now seven inches from the floor and designers insist that as the summer proceeds the length will increase.

BROADCLOTH  
A mixture of one ounce of fine pipe clay, 12 drops of alcohol and turpentine each is an excellent medium for removing stains from broadcloth. In

COUGHS AND COLDS  
often tenacious, are a drain upon the vital forces.

SCOTT'S EMULSION  
strengthens the whole system and helps drive out the pre-disposing cause.

Scott & Bown, Bloomfield, N. J.  
ALSO MAKERS OF

KI-MOIDS  
(Tablets or Granules)  
FOR INDIGESTION

Dance every Tuesday, Thursday and Saturday evenings at 8:30 at The Coliseum, formerly Baker's Hall, newly redecorated. 10c per dance.

### NEW STAR IN GRAND OPERA

Maria Jeriza (above), the Viennese singer who recently scored in New York as Tosca in the opera of that name, has signed to sing with the Metropolitan Grand Opera Company. She will take the place of Geraldine Farrar (below), opera star who recently refused to sign up for 1922.

cleaning, moisten only a small part of the material at a time, rub on the spot, let it remain until dry and then rub it off with a woolen cloth.

PAINT SPOTS  
If you wish to remove a paint stain from a garment saturate the spot with spirits of turpentine, let it remain a few hours and then rub the spot between the hands. The paint will then crumble away without injuring the material.

PITCH  
Scrape off all of the pitch that you can, then moisten the spot with sweet oil or kerosene. Rub it in well and let it remain in a warm place for an hour. If a grease spot remains treat it with chloroform.

SAVES SLEEVES  
Cuffs of white oil cloth will save the sleeves of the dresses which you wear about your kitchen work. Five cents worth of table oil cloth makes two pairs. They are easily cleaned.

WAISTLINES  
Waistlines are quite long and generous blousing is seen on many of the very newest frocks.

SASHES  
Sashes are being worn much. Scarcely does a dress pretend to afford.

GIRLS! LEMONS  
WHITEN ROUGH  
CHAPPED HANDS  
Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents. Shake well, and you have a quart-sized of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerin and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate. Adv.

Take an inventory of your wardrobe and have your Dry Cleaning, Pressing and Repairing Needs cared for by

CITY CLEANERS & DYERS.  
We call for and deliver.

Professor and Mrs. C. EARL JO DELL

Open 12 noon to 8 p. m.  
Tuesday, Thursday and Saturday.

To Look Your Best Tomorrow  
Take care of your skin tonight before retiring.

MARINELLO  
Tissue Cream for dry skin, Acne Cream for Pimples, Astringent Cream for large pores, Lettuce Cream for cleansing, Whitening Cream for Bleaching.

Hart's Marinello Shop  
Room 4, Hughes Bldg.  
Opposite C. P. Hotel,  
Bismarck.

noon wear but it sports a very handsome and very colorful sash.

CHOCOLATE STAINS  
Glycerin, combined with an equal amount of alcohol, is excellent for removing chocolate stains. It is also effective in removing coffee stains.

INK SPOTS  
Lemon juice will remove ink spots if applied immediately. Squeeze the lemon juice on the spot and then pour boiling water over it.

FLOOR POLISH  
Old fashioned beeswax and turpentine is excellent to use in going over polished floors.

LINOLEUMS  
Linoleum should not be washed with water often. Water rots the surface and makes places for microbes to settle.

IF YOU ARE WELL BRED  
You will, when writing to children, write only of pleasant things. A rebuke, through the mail, seldom encourages an answer from a child.

You will remove your gloves when sitting at a dinner table.

You will not tip your plate to get the last spoonful of soup.

Special Children's Matinee tomorrow at 2:30, Capitol Theatre, showing "The Three Musketeers."

Dance every Tuesday, Thursday and Saturday evenings at 8:30 at The Coliseum, formerly Baker's Hall, newly redecorated. 10c per dance.

Don't forget to get your tickets early for the Vaudeville show at the Auditorium next Monday night.

### Salad Dressings

(Sister Mary's Kitchen.)  
There is no salad that is nicer to serve with the winter dinner than a head lettuce salad. The dressing may be a plain French dressing, Russian, Thousand Island or Roquefort cheese.

As to lettuce, discard all the outer leaves. Cut the heads in halves or quarters and let stand in very cold water for half an hour. The addition of 1 or 2 teaspoons of salt to the water is sure to draw out any little insects. Remove from water and drain. Rinse in clear cold water if salt water was used. Drain and wrap in a soft cloth. Put on ice or in a very cold place.

French dressing may be varied by a bit of minced onion, a speck of mustard or grated American cheese. Remember that French dressing very quickly wilts lettuce. Mix the dressing at the table.

Russian Dressing  
One-half cup mayonnaise, 4 tablespoons chili sauce, 1 teaspoon vinegar, 1-8 teaspoon mustard, 1-2 teaspoon salt, 1-4 teaspoon paprika.

Beat oil into mayonnaise and add remaining ingredients.

Thousand Island Dressing  
One cup mayonnaise 1 hard boiled egg, 4 teaspoons minced green pep-

per, 2 teaspoons minced onion or chives, 3 tablespoons chili sauce, 3 tablespoons vinegar, 1-4 teaspoon granulated gelatin, 1 tablespoon boiling water.

Dissolve gelatin in boiling water and add to mayonnaise. Then add remaining ingredients. Chop the egg, white and yolk, separately and add the very last thing.

Three-Minute Combination Dressing  
One teaspoon sugar, 1-2 teaspoon mustard, 1-2 teaspoon salt, 1-8 teaspoon cayenne, 1 whole egg, 2 tablespoons lemon juice, 1 cup oil, 2 tablespoons chili sauce, 2 tablespoons minced olives, 1 tablespoon minced parsley.

Put seasoning in a bowl. Add egg, unbeaten, lemon juice and 1-4 cup oil. Beat well with a Dover beater and add remaining oil slowly. Just before serving add remaining ingredients. The chili sauce will thin the dressing slightly.

Roquefort Cheese Dressing  
Two tablespoons Roquefort cheese, 1 tablespoon neufchatel cheese, 3 tablespoons oil, 2 dessertspoons vinegar, 1-8 teaspoon salt, 1-8 teaspoon pepper, dash mustard, paprika.

Put cheese in a bowl and work in

GLAND TRAGEDY

Irwin Bacon, 58, who became nationally known several months ago as the subject of a monkey gland operation, is missing from his home at Atlantic City. Physicians and psychologists are deeply interested in his disappearance. Police think he may have become despondent because results of the operation did not meet his expectations. Bacon left a note to his wife (below). She and their daughter, Genevieve, 12 (above), believe he may have ended his life.

MANDAN NEWS

Attorney Sullivan Addresses Club

Attorney John F. Sullivan who was one of the speakers at the Rotary club luncheon talked interestingly of the change in sentiment in the east toward North Dakota. Mr. Sullivan has just returned from an extended stay at West station, Ind., and on his return he spent some days in Chicago and the Twin Cities aiding in the legal matters connected with securing an O. K. from the big bond houses on the North Dakota bail warrants, as a result of which over \$3,500,000 will be brought into the state. Atty. Sullivan's conferences with Ward & Oakley, Chicago bond house attorneys were responsible for speeding up and securing their approval of the issue. Mr. Sullivan related how Minneapolis bond houses, loan and trust companies and the large insurance companies were today seeking North Dakota investments. He contrasted this with conditions in Iowa where there had been inflation of land values that had rendered the financial situation in that model state much more acute than in North Dakota.

With the uncertainty removed as to our brand of politics, with a feeling that we have passed through a critical period and are rapidly consolidating and with our values on a sound basis, we have cause to feel that North Dakota will make the most wonderful recovery and with anything like a crop, we will pass all most unscathed through the period of depression that has afflicted the country.

Mrs. A. H. Peterson received a telegram yesterday advising her of the sudden death of her brother-in-law, E. H. Bither, of Bovey, Minn.

Mrs. L. G. Smith has returned from a three weeks' visit with relatives in Minneapolis.

Mrs. George H. Wilson left today for Seattle, Wash., where she will be a guest at the home of her sister for several weeks.

Mr. and Mrs. Warren Williams are the parents of a baby son born Thursday.

Spare Time Jobs For Father

When the household broom is left standing straw part down in the corner, the weight on the straw ends hastens the wearing out of the broom. When the broom is hung, straw part up, between two nails, dust has an opportunity to settle back into the broom.

The best way, then, is to put a ring screw in the end of the broom handle and hang it up by this.

ENGLAND LOSES THE GOODWILL OF EGYPTIANS

"Offensive Language" Used By General Allenby To The Sultan Is Resented

Alexandria, Egypt, Feb. 24—England appears entirely to have lost the goodwill of the Egyptians, both individually and collectively, as a result of the failure of the Anglo-Egyptian negotiations for a treaty and the refusal of the British government to withdraw troops from this country. Egypt is again quiet after the failure of the revolution in December and tourists may now come and go without fear of danger, but Egypt is not in normal condition. Marshal law is enforced and many newspapers, including the leading English daily, the Egyptian Gazette have been suspended for the publication of criticisms of the policy of the British government.

The Egyptians are resentful over what they characterize as "offensive language" of the memorandum sent by General Allenby, the British High Commissioner, to the Sultan notifying him that Egypt was a link in the British Empire and that her troops could not be withdrawn.

Egyptians are indignant also over the arrest and banishment of Zaghoul Pasha and other Nationalist leaders and exceedingly angry over the deaths inflicted during the Christmas revolution.

In order to prevent Zaghoul's followers from using that indispensable weapon of modern revolutions, money, Lord Allenby has issued a military decree directing that no bank in Egypt shall pay out any funds belonging to Zaghoul Pasha, or to the Nationalist party, of which he is president, without the permission of the High Commissioner.

FARMERS "FELL FAST" IN 1921—STILL FALLING

New York, Feb. 24.—The American farmer, who rose to unprecedented heights of prosperity in 1918 and 1919, earned less in 1920 than he has earned in any year of the last ten. If his income is reckoned in dollars having the same purchasing power as in 1912, according to estimates made public today by the National Bureau of Economic Research.

Reckoned in actual dollars paid to him in 1920, the farmers' income, as shown by the report, was less than in the three previous years, but was greater than in the seven years from 1910 to 1916 inclusive. The figures, taken from a detailed report of an exhaustive nationwide survey, show that the country's 6,450,000 farmers, in 1920, earned approximately \$7,200,000,000—a drop of \$3,650,000,000 from their income for the year before.

The farmers, who represent about 16 per cent of the gainfully employed, have received during the past decade a share in the total national income varying between 12.2 per cent in 1911 and 17.4 in 1917 and 1918, until 1920, when it dropped to 10.9 per cent.

The farmer's share, in billions of dollars and per cent of the total, is estimated by the Bureau to have been in each year beginning with 1910, as follows:

Year	Aggregate of Individual Income (Billions)	Farmers' Income (Billions)	Percentage of Total Income
1910	\$30.0	3.95	13.2
1911	30.3	3.76	12.3
1912	31.5	4.00	12.7
1913	32.5	4.20	12.9
1914	32.2	4.20	13.0
1915	34.3	4.70	13.7
1916	41.8	5.30	12.7
1917	50.7	8.80	17.4
1918	69.2	10.45	16.5
1919	64.7	10.55	16.3
1920	65.8	7.20	10.9

The final figures for the total income in 1920 can only be approximated, owing to the delay in publishing the income tax returns.

"When these figures are translated into terms of the purchasing power of 1913 dollars," it is again seen that the purchasing power of the farmers was at its lowest ebb in 1920," says the report. Here are the comparative figures in billions of dollars.

Year	Farmers' Income in 1913 Dollars	Percentage of Total Income
1910	\$4,910,000,000	13.2
1911	3,780,000,000	12.3
1912	4,040,000,000	12.7
1913	4,200,000,000	12.9
1914	4,170,000,000	13.0
1915	4,590,000,000	13.7
1916	5,200,000,000	12.7
1917	6,450,000,000	17.4
1918	6,500,000,000	16.5
1919	6,100,000,000	16.3
1920	3,500,000,000	10.9

The per capita income of the country as a whole, and the per capita income of the farmer, both measured in dollars of 1913 purchasing power, are given as follows:

Year	Average Income All Gainfully Employed in 1913 (Dollars)	Average Income of Farmers in 1913 (Dollars)
1910	\$340	\$631
1911	323	593
1912	339	624
1913	355	657
1914	352	652
1915	365	717
1916	368	705
1917	441	1011
1918	441	947
1919	388	841
1920	350	543

An official summary of the report adds: "It will be seen that in 1920 the farmers got faster than the rest of those gainfully employed. They had further to fall.

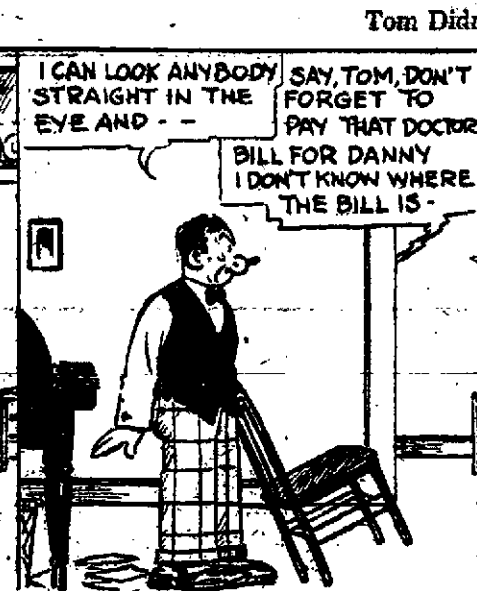

"What the results may have been in 1921 cannot yet be determined because while farmers again suffered heavy losses, the rest of the country also ran into a period of severe depression."

POSITION WANTED

EXPERIENCED Stenographer with some knowledge of bookkeeping desires position. Can furnish references if desired. Write 338, in care of Tribune. 2-7-1t

\$500.00 SPOT CASH

Will buy my equity in a quarter section farm land two miles from the town of Creamery, seven miles north of New Salem, where the Holstein Dairy Cow has made good and lignite fields, barely scratched, hold future promise.

According to the lowest possible estimate this equity is worth \$1,400.

If figured according to what farmers in this immediate vicinity are asking for similar land this equity is worth \$3,800.

Or, if figured like land that has been sold to the Bismarck public in the shape of Coal Mine Stock, this equity is worth \$45,400.

When you buy this equity you become owner of millions of tons of coal. Some insurance policy if you have the courage and the backbone to look twenty years ahead!

LEGAL NOTICES

NOTICE OF FORECLOSURE SALE. Notice is hereby given that certain mortgage, made, executed and delivered by David J. Riley, a single man, Mortgagee, to G. W. Hart Farm Mortgage Co., a corporation of Watertown, South Dakota, Mortgagee, dated April 1st, 1919, and filed for record and recorded in the office of the Register of Deeds of Burleigh County, North Dakota, on April 14, 1919, at 9:00 o'clock A. M., in Book 161 of Mortgages on page 161, will be foreclosed by a sale of the premises in such mortgage and hereinafter described at the front door of the Court House, in the City of Bismarck, County of Burleigh and State of North Dakota, on Monday, March 27th, 1922, at the hour of 10:00 o'clock in the forenoon of said day, to satisfy the amount due on such mortgage on the day of sale. The premises described in such mortgage and which will be sold to satisfy the same are described as follows: The Southwest Quarter (SW 1-4) of Section Twenty-eight (28) in Township One Hundred Thirty-eight (138), North, of Range Seventy-two (72), East of Meridian 10 West, Burleigh County, North Dakota. There will be due on such mortgage on the day of sale the sum of Sixty-eight and 18-100 (\$68.18) together with all costs hereof, including statutory attorney's fees.

Dated February 10th, 1922. G. W. HART FARM MORTGAGE CO., Mortgagee. Keohane & Jones, Attorneys for Mortgagee, Bismarck, North Dakota. 2-17-24; 3-3-10-17-24.

NOTICE OF REAL ESTATE MORTGAGE FORECLOSURE SALE

Notice is hereby given that certain mortgage, made, executed and delivered by Walter L. Edgewell and Doris Edgewell, his wife, Mortgagees, to Henry R. Ringgen, Mortgagee, dated May 5th, 1914, and filed for record in the office of the Register of Deeds of Burleigh County, North Dakota, on August 27th, 1914, at 10:55 o'clock A. M., and duly recorded in Book 127 of Mortgages on page 48; and which mortgage was foreclosed by a sale of the premises described in such mortgage and which will be sold to satisfy the same are described as follows: The Northeast Quarter (NE 1-4) and the East Half of the Northwest Quarter (E 1-2 NW 1-4) in Section Twenty-six (26) in Township One Hundred Forty-one (141), North, of Range Seventy-two (72), East of Meridian 10 West of the Fifth Principal Meridian, containing Two Hundred Forty (240) acres, more or less, according to the United States Government Survey thereof, Burleigh County, North Dakota.

Default having occurred in the conditions of said mortgage and the mortgagee having given the record title owner of the above described premises notice as provided by law, and they will be sold on such mortgage on the date of sale the sum of Nineteen Hundred Twenty-six and 10-100 Dollars (\$1,926.10).

Dated February 16th, 1922. ROBERT THOMSON, Assignee of Mortgagee, Sullivan, Hanley & Sullivan, Attorneys for Assignee, Mandan, N. D. 2-17-24; 3-3-10-17-24.

NOTICE OF MORTGAGE FORECLOSURE SALE

Whereas, default has been made in the terms and conditions of a certain mortgage, made, executed and delivered by L. M. Hogie and Geo. M. Hogie, her husband, Mortgagees, to John Elliott, Mortgagee, dated the 28th day of December, 1917, and filed for record in the office of the register of deeds of the county of Burleigh and state of North Dakota on the 29th day of December, 1917, and recorded in Book 150 of Mortgages at page 130, will be foreclosed by a sale of the premises in such mortgage and hereinafter described, at the front door of the court house in the City of Bismarck, the county of Burleigh and state of North Dakota, at the hour of 2:00 o'clock p. m., on the 20th day of March, A. D. 1922, to satisfy the amount due upon such mortgage on the

day of sale. The premises described in such mortgage and which will be sold to satisfy the same are those certain premises situated in the county of Burleigh and state of North Dakota and described as follows: The NW 1/4 of Sec. 22, Twp. 138, Range 72. There will be due on such mortgage at the date of sale the sum of Sixteen Hundred Thirty and 00/100 (\$1630.00) Dollars plus costs.

Dated this 1st day of Feb., 1922. JOHN ELLIOTT, Mortgagee. J. E. LOUDEN, Attorney for Mortgagee, Grand Forks, North Dakota. (2-3, 10; 17, 24; 3-3, 10)

MARKETS

CHICAGO GRAIN

Chicago, Feb. 24.—Moderate setbacks in the price of wheat took place today during the early trading. The opening here which ranged from 7.8 cent, declined to 7.4 cent, advanced with May \$1.42 1-4 to \$1.44, and July \$1.25 to \$1.25 1-2, were followed by a general sag and then by slight rallies. Corn and oats tended downward with wheat. Opening unchanged at 3-8 cent lower.

The close was unsettled 3-8c net lower to 3-4c advance, with May \$1.44 3-8 to \$1.44 3-4, and July \$1.24 1-2 to \$1.24 5-8.

CHICAGO LIVESTOCK

Chicago, Feb. 24.—Cattle receipts 4,000. Steady, bulk beef steers \$7.75 to \$7.90.

Hog receipts 29,000. Active, 15 to 25 cents higher. Top \$10.90 on 140 and 190 pound average. Bulk \$10.40 to \$10.85.

Sheep receipts 7,000. Strong to higher. Strong weight woolled yearlings \$13. Best handy, shorn ewes \$7.75.

MINNEAPOLIS FLOUR

Minneapolis, Feb. 24.—Flour unchanged to 10 cents lower. Family patents \$3.35 to \$3.50 a barrel. Shipments 80,904 barrels. Bran \$28.

ST. PAUL LIVESTOCK

South St. Paul, Feb. 24.—Cattle receipts 250. Market steady to strong. Common to medium beef steers \$5.75 to \$8. Bulk \$5.50 to \$5.75. Best load lots today \$8. Butcher and huffers mostly \$4 to \$5.75. A few better offerings \$6 to \$7. Canners and cutters \$2.25 to \$2.50. Golconda bulls \$3 to \$4. Stockers and feeders largely \$5.50 to \$6.50. More desirable offerings up to \$7.25. Calves, market steady. Practical packer top \$8.50. Some extra choice dealers \$9.

Hog receipts 1,700. Market fairly active, unevenly 15 to 35 cents higher. Mostly 12 to 25 cents higher. Early top \$10.50. Bulk \$10 to \$10.50. Grades 40 cents higher. Desirable grades mostly \$10.75.

Sheep receipts 25. Market nominally steady.

BOOTLEGGERS TO FEEL U. S. LAW, NEW JUDGE SAYS

Devils Lake, Feb. 24.—Federal Judge Andrew Miller, presiding over the United States district court here made it plain that because most of the fines administered those pleading guilty of having moonshine in their possession amounted to only \$10, bootleggers should not take that as an indication that those found guilty in the future will get off so easily. Professional bootleggers will be dealt with harshly, according to Judge Miller.

"Most of these cases yesterday and today," Judge Miller said, "are old ones, and the crimes were committed when there was still some doubt in the minds of all of us whether or not we might have liquor in our possession, despite the Volstead act. It developed that none of those who received small fines at this term of court were selling the stuff, but were making it for their own consumption. I warned all of them, however, that if they get caught again they will suffer, because I shall show no leniency."

TRIBUNE WANTS—FOR RESULTS

# WORLD-WAR FOR WORLD MARKETS IS INEVITABLE?

Only Far-Seeing Action By  
Statesmen of The World Can  
Avert Another Conflict

Chicago Feb. 24.—Unless far-seeing action is taken by statesmen of the leading nations of the earth to resolve world-wide economic conflicts, another great war for the control of world markets is inevitable. J. S. Wilson of Berkeley, Cal., told the Council of Cities of the Methodist Episcopal church.

"In the domestic life of every industrial nation on earth there is to be heard the ominous mutterings of the working classes, as class-strife grows ever more acute and threatening."

"The ruthless passion for gain and economic power, and the sensualism, refined and gross, that inevitably follows such materialism, has eaten like an acid into the moral and spiritual fiber of the people. And so-called rivals of religion keep safely on those shores in which great economic wrongs and social injustices are rampant."

The first supreme duty of the church is to mobilize all her forces to startle the people out of their mad rush for gain and power and pleasure, to rouse them from their indifference and sin, and to awaken them to a realization that a great peril confronts mankind.

"The church must christianize our industrial system."

Surely every thoughtful man must see that reduction of armaments in industry and limitation of industrial war by co-operation and some form of industrial brotherhood is the absolutely first step in a safe and sane world.

# LEGION'S BIG CIRCUS WILL OPEN TONIGHT WITH SCORES OF FEATURES

The big fun festival—the American Legion circus—opens tonight. The first performance of the main show under the big tent will be at 7:30 o'clock. The circus is on tomorrow night, also.

Already artistic temperament, which according to Heck, is a high-brow word for pure cussedness, has broken out among the performers. There is great rivalry between those in the main show and those conducting the side show.

The side show performers assert there is no comparison between the fun and wonders offered in the sideshows and the main show, while those performing under the "big top" declare that the great animal act when the Virginia reel is done on horseback, is worth all the sideshows combined. The only way to satisfy everybody, the Legion committee has decided, is to advise them to be sure and see both the main show and the side show.

One of the most attractive places

feels to the crime. Others in the cast are Cleo Ridgely, Casson Ferguson and Wm. Carleton.

Comedy is furnished on the program by Harold Lloyd in one of his new comedies, "I Do." As a newly wedded pair, he and his leading lady, Mildred Davis, have parenthood thrust upon them suddenly and unexpectedly, when a brother-in-law intrusts his two young hopefuls to their inexperienced care. Their troubles will undoubtedly make everyone who see "I Do" forget their own.

# 'BOTTLE PAPERS' REVEAL MUCH VALUABLE DATA

This Is Used In Checking Currents  
and In Correcting  
Pilots' Charts

Washington, Feb. 24.—Nearly every day the Hydrographic office of the navy department receive several "bottle papers" picked up in the sea by ships, which while not as thrilling as the famous "Ms" found in a bottle and revealed by Poe, nevertheless carry interesting and valuable data to the makers of marine maps and those who seek to make navigation safe.

These bottle papers are dropped in the seven seas to study the flow of currents. Thousands of small slips, with instructions printed in nine languages, are sent annually to all mariners, with the request that they be filled out, placed in a well-corked bottle and dropped every now and then during voyages about the world. The name of the "dropper," the ship, the date and the latitude and longitude are recorded. In another space the finder writes his name, the date and spot in which the bottle was found forwarding the slip to the Hydrographic office in Washington.

The data thus secured is used in checking currents and in correcting pilots' charts. Sometimes the bottles drift for thousands of miles and are years on their erratic cruises, but when returned, the papers inside usually carry a message of value to the Hydrographers. Occasionally there is an unusual tale connected with their discovery.

Tried to "Cash" Chart.

Sometime ago a bottle with its paper was dropped in the Indian ocean and picked up in the Red sea off the coast of British Somaliland by a Mohammedan named Mohamed Mustapha, who believed the paper of mystic or intrinsic value. Being unable to read its message in any of the several languages in which it was displayed, he mounted his camel and rode miles across the desert to the nearest British agent. After endeavoring to explain the nature of the find the agent filled out the blank with the finder's name and forwarded to the navy department in Washington. The native departed still convinced that some great reward was his, and about two months later rushed into the same office again demanding further elucidation.

Thought 3 Little  
Children Needed  
Mother's Care

"My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about Mayer's Wonderful Remedy, and I took a course of it. I have since been entirely well. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.  
For sale at all druggists.—Adv.

# LOVE OR MONEY?

in the side show will be the fish pond. Over 500 articles have been donated by business men, to be given to the successful anglers. Many of them are worth \$10 to \$15, including articles of wearing apparel, silver, and numerous other articles.

The main show will be given four different times during the evening, at 7:30, 8:15, 8:45 and 9:15 o'clock each evening. This requires about 20 minutes.

The side shows will be open at all times, and the wild west forty-niners saloon and dance hall will have no closing hours, it is said. There also will be music by McDonald's orchestra in the Legion hall and there will not be a dull moment during the evening.

The side shows offer not only "A Trip to Heaven," or an airplane ride in the clouds, but a fortune teller, the fattest of fat ladies, hula hula and Oriental dancers and other carnival features.

ation on a newly acquired paper. In his hand he waved a large pilot's chart of his native waters and a letter from the Hydrographer thanking him for his service. The chart he insisted was a draft on the American government. Its size he believed indicated a large sum of money and he demanded indignantly to know why the local bank would not cash it for him.

THE INDEPENDENT WOMAN.  
Is one of the brightest jewels which adorns our modern economic system. But too often this independence is gained at the cost of health, and the wage-earning woman struggles through her duties, a prey to nervousness, backache and despondency. Does not her independence then become more of a burden than a joy? Lydia E. Pinkham's Vegetable Compound has helped many such women to regain their zest in life, and help many more.—Adv.

Dance every Tuesday, Thursday and Saturday evenings at 8:30 at The Coliseum, formerly Baker's Hall, newly redecorated. 10c per dance.

# PERSIA IS IN A STATE OF CHAOS AND CONFUSION

Constantinople, Feb. 24.—Simko, the insurgent Persian leader, and his army are masters of Tabriz and threaten the overthrow of the Persian government, according to recent advices. He has succeeded in increasing the number of his followers to 5,000 and he is operating successfully against the Persian regular forces in the district of Urmia.

The country is reported to be infested with his brigades, who are robbing and killing. Travel in Persia is said to be unsafe. The Persian gendarmerie, which is being reorganized by Swedish instructors, has been unable to check the insurgents.

The Persian army failed to take any measures against Simko, and the War Minister, Ali Risa Khan, an ex-Cossack officer, has undertaken to suppress him.

With the dissolution of the South Persian Fusiliers and the withdrawal of the small British garrison in Persia, this country of great natural resources is reported to have fallen into a state of chaos and confusion.

Dance every Tuesday, Thursday and Saturday evenings at 8:30 at The Coliseum, formerly Baker's Hall, newly redecorated. 10c per dance.

Don't fail to see the Marcus Loew Vaudeville show at the Auditorium next Monday night.

Bismarck, N. D.

## Leavening Strength Tells the Story

The price you pay for baking powder doesn't determine the results you will have on bake day—it's the leavening strength that counts.

You may buy a baking powder for less than Calumet and think you are practicing economy. Don't be misled—the baking you spoil will make those that are successful exultant in cost.

# CALUMET BAKING POWDER

has successfully proven, during the past thirty years, that it contains more than the ordinary leavening strength. That's why bakers where it is employed never fail to raise properly.

Calumet is used by more housewives, leading chefs, domestic scientists, restaurants, hotels and railroads than any other brand. Millions buy it—you should try it.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.
